

Arpit Satpute

Software Engineer

Nagpur, India | +91 91126-81009 | arpitrameshsatpute6986@gmail.com | [LinkedIn](#) | [GitHub](#)

Software Engineer specializing in building scalable, production-grade applications across the complete technology stack — from responsive frontends and robust RESTful APIs to Solidity smart contracts. Proficient in Solidity, JavaScript/TypeScript, React, and Spring Boot, with a strong track record of end-to-end project ownership and delivering high-impact solutions in agile environments.

TECHNICAL SKILLS

Languages: • Java • JavaScript(ES6+) • SQL • Python • Solidity • TypeScript • HTML5 • CSS • Rust
Frameworks: • Spring • Spring Boot • Spring Security • React • React Native • Tailwind CSS • Bootstrap
Databases & Storage: • PostgreSQL • MySQL • MongoDB • Redis • ORM (JPA/Hibernate) • IPFS
Tools & Platforms: • Docker • Git • GitHub • Maven • RabbitMQ • Jira
DevOps & Cloud: • Microservices • Spring MVC • RESTful APIs
Blockchain and Web3: • Ethereum • Foundry • OpenZeppelin • Wagmi/Viem • ERC-1155 • ERC-4626 • EIP-712 • ERC20

PROJECTS

AURA-FARM – AI-Personalized DeFi Yield Protocol | [Live Demo](#) [Github](#) | Jan 2026
Technologies: Solidity, React, Foundry, Wagmi/Viem, Openzeppelin, Nitrolite, CCTP, USDC

- Architected a Soulbound Risk NFT system where users complete an **AI risk assessment** to mint a NFT that auto-routes cross-chain **USDC deposits** (via **Circle Gateway**) into Conservative, Balanced, or Aggressive **ERC-4626 vaults**.
- Implemented **Nitrolite Protocol** for **cross-chain** rebalancing, **cutting gas costs by 90%**, with a live dashboard **tracking APY and P&L** across vault tiers.
- Designed modular ERC-4626 vault architecture with composable DeFi integrations, enabling **automated capital allocation** driven by NFT-encoded risk parameters.

INSIGHT-YIELD – Autonomous DeFi Yield Optimization Engine | [Live Demo](#) [Github](#) | Oct 2025
Technologies: Solidity, Python, React, Foundry, Wagmi/Viem, Openzeppelin, MongoDB

- Designed a modular ERC-4626 Vault system on Ethereum enabling automated yield strategies and composable integration with DeFi protocols.
- Built a custom Python AI engine for real-time risk scoring, APY forecasting, and optimal capital distribution.
- Implemented **EIP-712 verification** flow ensuring all AI recommendations are authenticated and tamper-proof on-chain.

SKEDULA – Centralised Portal for Appointment and Business Management | [Live Demo](#) [Github](#) | Aug 2025
Technologies: Spring Boot, React, Redis, RabbitMQ, Docker, PostgreSQL, Razorpay

- Architected a full-stack platform with **Spring Boot** enabling businesses to manage end-to-end appointment scheduling, reducing booking time by **40%**.
- Developed RESTful APIs with **Spring Security** and **JWT authentication**, handling role-based access control; integrated **Razorpay** for secure encrypted payment processing.
- Implemented asynchronous **real-time notifications** via **RabbitMQ** and deployed cloud-ready **Docker containers** ensuring high availability and horizontal scalability.

EXPERIENCE

Blockchain Engineer Intern | Cyberthon Technology [Jan 2026 - Apr 2026](#)

Worked on blockchain solutions for real-world client requirements, collaborating with senior developers on production-grade smart contract and Web3 application development.

Freelance Developer | Self-Employed [Oct 2024 - Dec 2025](#)

Delivered five client projects end-to-end, spanning React/Next.js frontends, Java Spring Boot backends, and helped some Early-Stage Start-Up projects

ACHIEVEMENTS

- Won **3 national-level hackathons** and finished as finalist in 2 additional competitions
- Ranked as **Elite + Silver in NPTEL (IIT Kharagpur)** for **Blockchain** & its Applications Certification.
- Participated in **ETHGlobal Delhi** and **ETHGlobal HackMoney**, collaborating on Web3/blockchain projects with global developers
- Earned **Cyfrin smart contract security certifications** covering Foundry, fuzz testing, invariant testing, and protocol auditing concepts.

EDUCATION

Bachelor of Technology in Computer Science and Engineering

J D College of Engineering and Management, Nagpur

2022 - 2026

CGPA: 9.4/10
